GROUP 1: RAZZIE

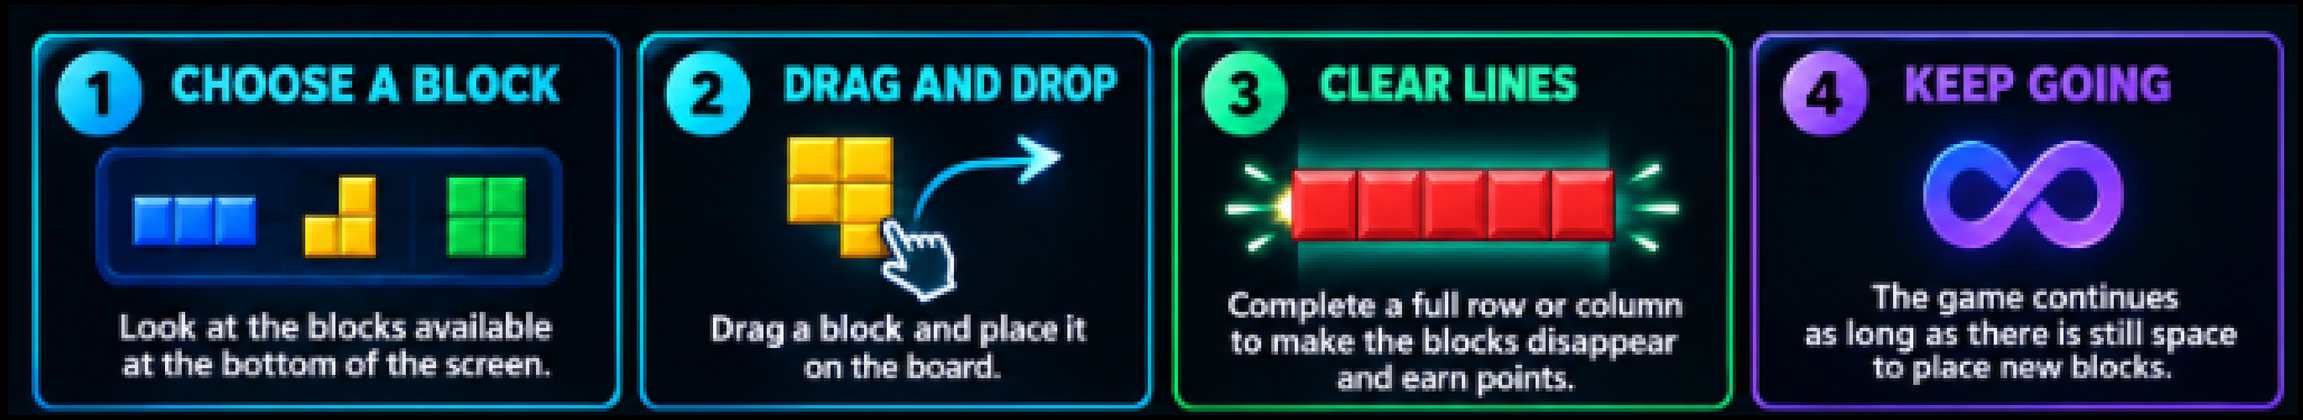

HOW TO PLAY

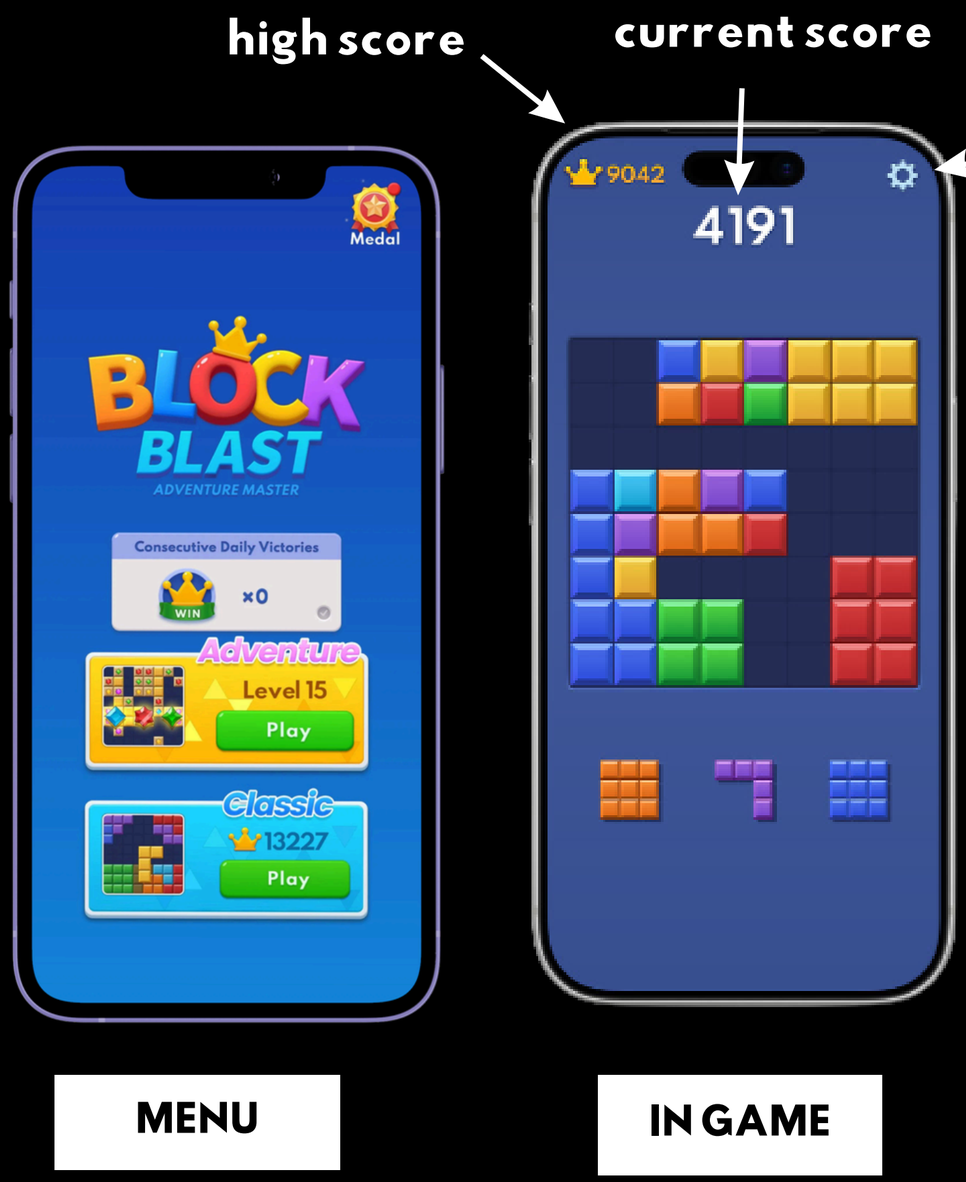

Block Blast is a simple puzzle game where players place different block shapes on a square board. The goal is to complete full rows or columns so they disappear and give points. The game continues as long as there is still enough space to place the available blocks.

The game is mainly controlled by touch on a smartphone. Players drag a block from the bottom of the screen and drop it onto the board. .

GAME INTERFACE

MENU

IN GAME

The original interface has four important parts: the score at the top, the puzzle board in the center, the available block pieces at the bottom, and the settings button. The player interacts with the game using one finger to drag and place the blocks.

ENHANCEMENTS

GAME INTERFACE ENHANCEMENTS

TANGIBLE

FOR THE TANGIBLE INTERFACE, BLOCK BLAST CAN BE PLAYED ON AN INTERACTIVE TABLE USING PHYSICAL BLOCK PIECES. PLAYERS CAN PICK UP THE COLORED BLOCKS AND PLACE THEM DIRECTLY ON THE GRID INSTEAD OF DRAGGING THEM ON A PHONE OR SCREEN. WHEN A ROW OR COLUMN IS COMPLETED, THE TABLE CAN LIGHT UP OR PLAY A SIMPLE SOUND.

THIS VERSION IS DESIGNED TO MAKE THE GAME MORE INTERACTIVE AND ENGAGING FOR CHILDREN. TOUCHING AND MOVING REAL BLOCK PIECES CAN MAKE THE PUZZLE EASIER TO UNDERSTAND AND MORE ENJOYABLE TO PLAY.

GAME INTERFACE ENHANCEMENTS

BLOCK BLAST CAN BE REDESIGNED FOR A SMARTWATCH, ALLOWING PLAYERS TO ENJOY A SIMPLE AND PORTABLE PUZZLE EXPERIENCE ANYWHERE. THE SMARTWATCH VERSION USES A SMALLER GAME BOARD, TOUCH GESTURES, AND SIMPLE CONTROLS THAT FIT THE LIMITED SCREEN SIZE.

THIS INTERFACE IS SUITABLE FOR TEENAGERS AND YOUNG ADULTS BECAUSE IT IS CONVENIENT, QUICK TO ACCESS, AND EASY TO PLAY DURING SHORT BREAKS WITHOUT NEEDING TO USE A PHONE.

WEARABLE

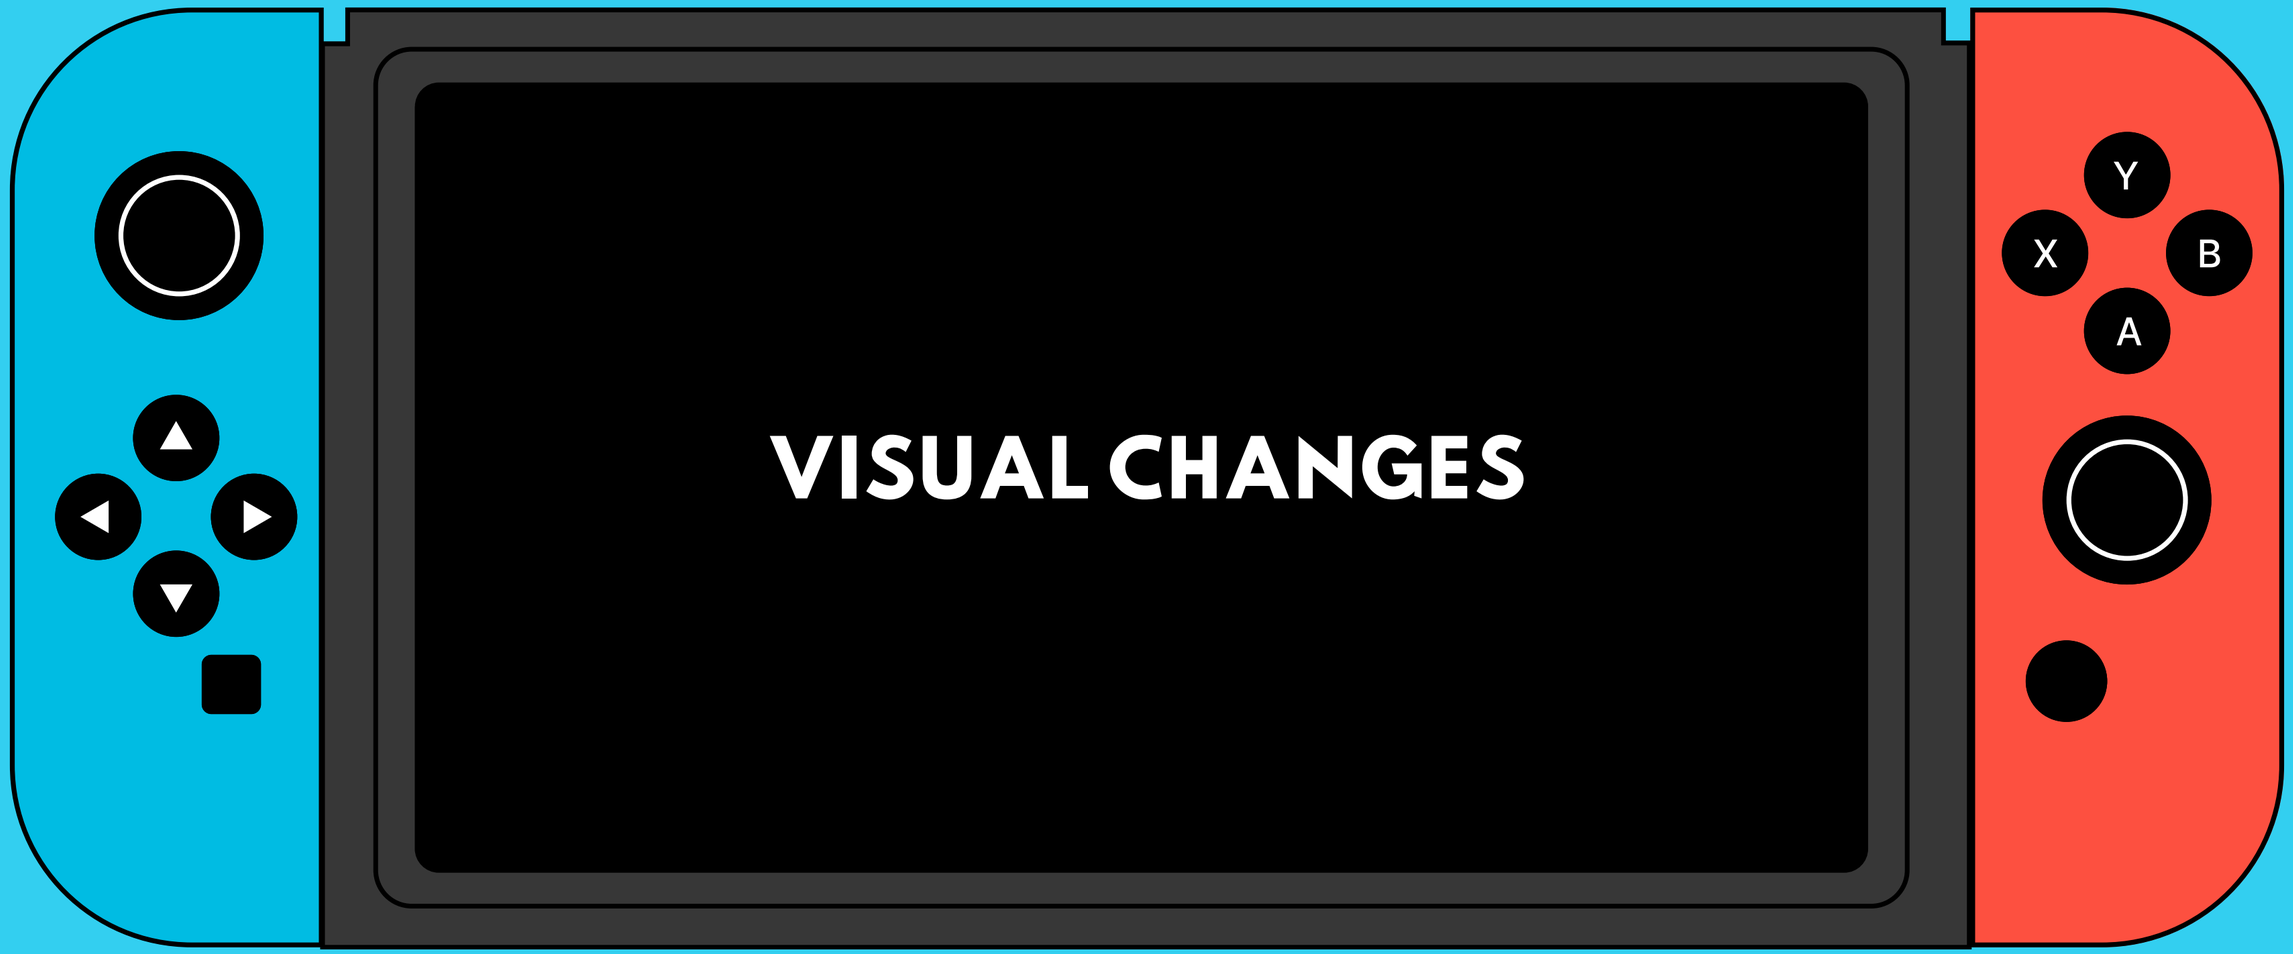

GAME INTERFACE ENHANCEMENTS

SHAREABLE

FOR THE SHAREABLE INTERFACE, BLOCK BLAST CAN BE DISPLAYED ON A LARGE TV OR SHARED TOUCHSCREEN SO SEVERAL PEOPLE CAN SEE THE SAME GAME BOARD AT ONCE. FAMILY MEMBERS CAN DISCUSS WHERE TO PLACE THE NEXT BLOCK, TAKE TURNS, OR COMPETE FOR THE HIGHEST SCORE.

THIS VERSION IS USEFUL FOR OLDER PEOPLE BECAUSE THE BLOCKS, SCORE, AND CONTROLS CAN BE SHOWN IN A LARGER SIZE. IT ALSO TURNS A SINGLE-PLAYER MOBILE GAME INTO A SIMPLE GROUP ACTIVITY THAT FAMILIES CAN ENJOY TOGETHER.

VISUAL CHANGES

NEW FEATURES

SMART WATCH

PHYSICAL BLOCK BLAST

FAMILY SHARE

THESE NEW INTERFACES CHANGE HOW PLAYERS INTERACT WITH THE GAME WITHOUT CHANGING ITS MAIN RULES. THE SAME BLOCKS, GAME BOARD, SCORING SYSTEM, AND ROW/COLUMN CLEARING MECHANICS ARE STILL USED.

VISUAL CHANGES

SMART WATCH

LARGE PHYSICAL BLOCKS, BRIGHT COLORS, SIMPLE SOUND FEEDBACK, AND A CLEAR GRID MAKE THE GAME EASIER TO UNDERSTAND.

PHYSICAL BLOCK BLAST

A SMALLER BOARD, LARGER TOUCH TARGETS, AND SIMPLIFIED CONTROLS MAKE THE GAME READABLE ON A SMARTWATCH.

FAMILY SHARE

A LARGER SHARED DISPLAY, BIGGER BLOCKS, AND CLEARER SCORE INFORMATION MAKE THE GAME EASIER TO SEE AND DISCUSS.
